GENERAL PROXY INFORMATION

This Information Circular is provided in connection with the solicitation of proxies by the management of Elysee Development Corp. for use at the annual general meeting of the shareholders of the Company to be held on November 1, 2023, at the time and place and for the purposes set out in the accompanying notice of meeting and at any adjournment thereof. The solicitation will be made by mail and may also be supplemented by telephone or other personal contact to be made without special compensation by directors, officers and employees of the Company. APPOINTMENT AND REVOCATION OF PROXY

Registered Shareholders

Registered shareholders may vote their common shares in the capital of the Company (the “Common Shares”) by attending the Meeting in person or by completing the enclosed proxy. Registered shareholders should deliver their completed proxies to Computershare Trust Company of Canada, Proxy Dept., 100 University Avenue, 8th floor, Toronto, Ontario, M5J 2Y1 or by facsimile at 1-866-249-7775 or (416) 263-9524 (by mail, telephone or internet according to the instructions on the proxy), not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting, otherwise the shareholder will not be entitled to vote at the Meeting by proxy.

The persons named in the proxy are directors and officers of the Company and are proxyholders nominated by management. **A shareholder has the right to appoint a person other than the nominees of management named in the enclosed instrument of proxy to represent the shareholder at the Meeting. To exercise this right, a shareholder must insert the name of**

its nominee in the blank space provided. A person appointed as a proxyholder need not be a shareholder of the Company.

A registered shareholder may revoke a proxy by:

- (a) signing a proxy with a later date and delivering it at the place and within the time noted above;
- (b) signing and dating a written notice of revocation (in the same manner as the proxy is required to be executed, as set out in the notes to the proxy) and delivering it to the head office of the Company, 9th Floor, 1021 West Hastings Street, Vancouver, British Columbia, V6E 0C3, at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof at which the proxy is to be used, or to the Chairman of the Meeting on the day of the Meeting or any adjournment thereof;
- (c) attending the Meeting or any adjournment thereof and registering with the scrutineer as a shareholder present in person, whereupon such proxy shall be deemed to have been revoked; or
- (d) in any other manner provided by law.

Beneficial Shareholders

The information set forth in this section is of significant importance to many shareholders, as many shareholders do not hold their shares in the Company in their own name. Shareholders holding their shares through banks, trust companies, securities dealers or brokers, trustees or administrators of self-administered RRSP's, RRIF's, RESP's and similar plans or other persons (any one of which is herein referred to as an "Intermediary") or otherwise not in their own name (such shareholders herein referred to as "Beneficial Shareholders") should note that only proxies deposited by shareholders appearing on the records maintained by the Company's transfer agent as registered shareholders will be recognized and allowed to vote at the Meeting. If a shareholder's shares are listed in an account statement provided to the shareholder by a broker, in all likelihood those shares are **not** registered in the shareholder's name and that shareholder is a Beneficial Shareholder. Such shares are most likely registered in the name of the shareholder's broker or an agent of that broker. In Canada the vast majority of such shares are registered under the name of CDS & Co., the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms. Shares held by brokers (or their agents or nominees) on behalf of a broker's client can only be voted at the Meeting at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the broker's clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate party well in advance of the Meeting.**

Regulatory policies require Intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. Beneficial Shareholders have the option of not objecting to their Intermediary disclosing certain ownership information about themselves to the Company (such Beneficial Shareholders are designated as non-objecting beneficial owners, or "**NOBOs**") or objecting to their Intermediary disclosing ownership information about themselves to the Company (such Beneficial Shareholders are designated as objecting beneficial owners, or "**OBOs**").

In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer*, the Company has distributed, in accordance with the “notice and access” rules, the notice of meeting, this Information Circular and a request for voting instructions (a “VIF”), instead of a proxy (the notice of Meeting, Information Circular and VIF or proxy are collectively referred to as the “**Meeting Materials**”) indirectly through Intermediaries to the NOBOs and OBOs. The Intermediaries (or their service companies) are responsible for forwarding the Meeting Materials to OBOs. The Company does not intend to pay for Intermediaries to forward the Meeting Materials to OBOs. OBOs will not receive the Meeting Materials unless their Intermediary assumes the cost of delivery.

Meeting Materials distributed to Beneficial Shareholders are accompanied by a VIF, instead of a proxy. By returning the VIF in accordance with the instructions noted on it, a Beneficial Shareholder is able to instruct the Intermediary (or other registered shareholder) how to vote the Beneficial Shareholder’s shares on the Beneficial Shareholder’s behalf. For this to occur, it is important that the VIF be completed and returned in accordance with the specific instructions noted on the VIF.

The majority of Intermediaries now delegate responsibility for obtaining instructions from Beneficial Shareholders to Broadridge Investor Communication Solutions (“**Broadridge**”) in Canada. Broadridge typically prepares a machine-readable VIF, mails these VIFs to Beneficial Shareholders and asks Beneficial Shareholders to return the VIFs to Broadridge, usually by way of mail, the Internet or telephone. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of shares to be represented at the Meeting by proxies for which Broadridge has solicited voting instructions. A Beneficial Shareholder who receives a Broadridge VIF cannot use that form to vote shares directly at the Meeting. The VIF must be returned to Broadridge (or instructions respecting the voting of shares must otherwise be communicated to Broadridge) well in advance of the Meeting in order to have the shares voted. If you have any questions respecting the voting of shares held through an Intermediary, please contact that Intermediary for assistance.

In either case, the purpose of this procedure is to permit Beneficial Shareholders to direct the voting of the shares which they beneficially own. **A Beneficial Shareholder receiving a VIF cannot use that form to vote Common Shares directly at the Meeting – Beneficial Shareholders should carefully follow the instructions set out in the VIF including those regarding when and where the VIF is to be delivered.** Should a Beneficial Shareholder who receives a VIF wish to attend the Meeting or have someone else attend on their behalf, the Beneficial Shareholder may request a legal proxy as set forth in the VIF, which will grant the Beneficial Shareholder or their nominee the right to attend and vote at the Meeting.

Only registered shareholders have the right to revoke a proxy. A Beneficial Shareholder who wishes to change its vote must, at least seven days before the Meeting, arrange for its Intermediary to revoke its VIF on its behalf.

All references to shareholders in this Information Circular and the accompanying instrument of proxy and notice of Meeting are to registered shareholders unless specifically stated otherwise.

The Meeting Materials are being sent to both registered and non-registered owners of the Company’s shares. If you are a Beneficial Shareholder and the Company or its agent has sent the Meeting Materials directly to you, your name and address and information about your holdings of the Company’s securities have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding on your behalf. By choosing to send the Meeting Materials to you directly, the Company (and not the Intermediary holding on your behalf)

has assumed responsibility for (i) delivering the Meeting Materials to you and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the VIF.

NOTICE AND ACCESS

The Company has decided to deliver its meeting materials to shareholders by posting them on its website at www.elyseedevelopment.com in accordance with the “notice and access” rules. The meeting materials will be available on the Company’s website on September 26, 2023 and will remain on the website for one year. The Circular will also be available on the System for Electronic Document Analysis and Retrieval Plus (“**SEDAR+**”) at www.sedarplus.ca on September 26, 2023.

The Company has decided to mail paper copies of the Circular to those registered and non-registered shareholders who had previously elected to receive paper copies of the Company’s meeting materials. All other shareholders will receive a “Notice and Access” notification which will contain information on how to obtain electronic and paper copies of the Circular in advance of the Meeting and for one year following the Meeting.

VOTING OF SHARES AND EXERCISE OF DISCRETION OF PROXIES

If a shareholder specifies a choice with respect to any matter to be acted upon, the shares represented by proxy will be voted or withheld from voting by the proxy holder in accordance with those instructions on any ballot that may be called for. In the enclosed form of proxy, in the absence of any instructions in the proxy, it is intended that such shares will be voted by the proxyholder, if a nominee of management, in favour of the motions proposed to be made at the Meeting as stated under the headings in the notice of meeting accompanying this Information Circular. If any amendments or variations to such matters, or any other matters, are properly brought before the Meeting, the proxyholder, if a nominee of management, will exercise its discretion and vote on such matters in accordance with its best judgment.

The instrument of proxy enclosed, in the absence of any instructions in the proxy, also confers discretionary authority on any proxyholder other than the nominees of management named in the instrument of proxy with respect to the matters identified herein, amendments or variations to those matters, or any other matters which may properly be brought before the Meeting. To enable a proxyholder to exercise its discretionary authority, a shareholder must strike out the names of the nominees of management in the enclosed instrument of proxy and insert the name of its nominee in the space provided, and not specify a choice with respect to the matters to be acted upon. This will enable the proxyholder to exercise its discretion and vote on such matters in accordance with its best judgment.

At the time of printing this Information Circular, management of the Company is not aware that any amendments or variations to existing matters or new matters are to be presented for action at the Meeting.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

The Company is not aware of any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, of each of the following persons in any matter to be acted upon at the Meeting other than the election of directors or the appointment of auditors:

- (a) each person who has been a director or executive officer of the Company at any time since the beginning of the Company's last financial year;
- (b) each proposed nominee for election as a director of the Company; and
- (c) each associate or affiliate of any of the foregoing.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The authorized capital of the Company consists of an unlimited number of Common Shares and an unlimited number of preferred shares in the capital of the Company. On September 15, 2023 (the "**Record Date**"), the Company had 28,665,113 Common Shares outstanding and no preferred shares outstanding. All Common Shares in the capital of the Company are of the same class and each carries the right to one vote. Only those shareholders of record on the Record Date are entitled to attend and vote at the Meeting.

To the knowledge of the directors and executive officers of the Company, as of the date of this Information Circular, no person is the registered holder of 10% or more of the Common Shares. To the knowledge of the directors and executive officers of the Company, as of the date of this Information Circular no person beneficially owns, directly or indirectly, or exercise control or direction over 10% or more of the Common Shares, other than Guido Cloetens who is the beneficial owner of 4,387,500 Common Shares representing 15.31% of the issued and outstanding Common Shares.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Interpretation

For the purpose of this Executive Compensation Section, the terms below have the respective meanings ascribed thereto.

"**compensation securities**" includes stock options, convertible securities, exchangeable securities and similar instruments including stock appreciation rights, deferred share units and restricted stock units granted or issued by the Company or one of its subsidiaries for services provided or to be provided, directly or indirectly, to the Company or any of its subsidiaries;

"**NEO**" or "**named executive officer**" means each of the following individuals:

- (a) each individual who, in respect of the Company, during any part of the most recently completed financial year, served as chief executive officer ("**CEO**"), including an individual performing functions similar to a CEO;
- (b) each individual who, in respect of the Company, during any part of the most recently completed financial year, served as chief financial officer ("**CFO**"), including an individual performing functions similar to a CFO;

- (c) in respect of the Company and its subsidiaries, the most highly compensated executive officer other than the individuals identified in paragraphs (a) and (b) at the end of the most recently completed financial year whose total compensation was more than \$150,000 for that financial year; and
- (d) each individual who would be a named executive officer under paragraph (c) but for the fact that the individual was not an executive officer of the Company, and was not acting in a similar capacity, at the end of that financial year.

During the year ended December 31, 2022, the Company had three (3) NEOs, being Guido Cloetens (CEO and Chairman), Stuart Rogers (President), and Gordon Steblin (CFO). Mr. Rogers has resigned as President and Mr. Cloetens assumed the role on March 31, 2023. On April 1, 2023, Martin Burian assumed the role of Non-executive Chairman.

Compensation Program Objectives

The objectives of the Company's executive compensation program are as follows:

- to attract, retain and motivate talented executives who create and sustain the Company's continued success;
- to align the interests of the Company's executives with the interests of the Company's shareholders; and
- to provide total compensation to executives that is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

Overall, the executive compensation program aims to design executive compensation packages that meet executive compensation packages for executives with similar talents, qualifications and responsibilities at companies with similar financial, operating and industrial characteristics. The Company is in the early stages of its business as an investment issuer and will not be generating significant revenues from operations for a significant period of time. As a result, the use of traditional performance standards, such as corporate profitability, is not considered by the Company to be appropriate in the evaluation of the performance of the NEOs.

Purpose of the Compensation Program

The Company's executive compensation program has been designed to reward executives for reinforcing the Company's business objectives and values, for achieving the Company's performance objectives and for their individual performances.

Elements of Compensation Program

The executive compensation program consists of a combination of consulting fees, performance bonus and equity-based incentives.

Purpose of Each Element of the Executive Compensation Program

The consulting fees of a NEO are intended to attract and retain executives by providing a reasonable amount of non-contingent remuneration.

In addition to a fixed consulting fee, each NEO is eligible to receive a performance-based bonus meant to motivate the NEO to achieve short-term goals. Bonuses are made by way of cash payments only, which payments are made at the end of the fiscal year.

Equity-based Awards (as defined herein) are generally awarded to NEOs on an annual basis based on performance measured against set objectives. The granting of Awards aligns NEOs' rewards with an increase in shareholder value over the long term. The use of Awards encourages and rewards performance by aligning an increase in each NEO's compensation with increases in the Company's performance and in the value of the shareholders' investments.

Determination of the Amount of Each Element of the Executive Compensation Program, Compensation Risk and Compensation Governance

Compensation of the NEOs of the Company is reviewed annually by the Board, which approves the compensation of the NEOs. The Company does not presently have a compensation committee and the Company has not retained any compensation advisor or compensation consultant in respect of its compensation policies.

From time to time and at least once annually, the Board reviews the risks, if any, associated with the Company's compensation policies and practices at such time. Such a review occurred at the time of preparation of this Compensation Discussion & Analysis. Implicit in the Board's mandate is that the Company's policies and practices respecting compensation, including those applicable to the Company's executives, be designed in a manner which is in the best interests of the Company and its shareholders and risk implications is one of many considerations which are taken into account in such design.

The majority of the Company's executive compensation currently consists of Awards, including Options, RSUs, DSUs, PSUs and SARs granted under the Equity Plan (as defined herein). As of the date of the most recent financial year-end, only Options are outstanding. Such compensation is both "long term" and "at risk" and, accordingly, is directly linked to the achievement of long term value creation. As the benefits of such compensation, if any, are not realized by the executive until a significant period of time has passed, the ability of executives to take inappropriate or excessive risks that are beneficial to them from the standpoint of their compensation at the expense of the Company and its shareholders is limited.

The other two elements of compensation, consulting fees and performance bonuses, represent the remaining portion of an executive's total compensation. While neither salary nor bonus are "long term" or "at risk", as noted above, these components of compensation are not at a level of total compensation whereby an executive would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to them from the standpoint of their short term compensation when their long term compensation might be put at risk from their actions.

Due to the small size of the Company, and the current level of the Company's activity, the Board are able to closely monitor and consider any risks which may be associated with the Company's compensation policies and practices. Risks, if any, may be identified and mitigated through regular Board meetings during which, financial and other information of the Company are reviewed, and which includes executive compensation. No risks have been identified arising from the Company's compensation policies and practices that are reasonably likely to have a material adverse effect on the Company.

NEOs and directors of the Company are not permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO or director.

Compensation of the NEOs of the Company is reviewed annually by the Board, which approves the compensation of the NEOs.

Consulting Fees

Consulting fees for NEOs are expected to continue to be set annually, having regard to the individual's job responsibilities, contribution, experience and proven or expected performance, as well as to market conditions. In setting base compensation levels, consideration is to be given to such factors as level of responsibility, experience and expertise. Subjective factors such as leadership, commitment and attitude are also to be considered. The Company has not established performance goals for its NEOs.

Performance Bonuses

Each NEO is eligible to receive a performance-based bonus meant to motivate the NEO to achieve short-term goals. Bonuses may be made by way of cash payments or the issuance of (performance) shares, which payments are made at the end of the fiscal year.

Equity Incentive Awards

The Company approved the Omnibus Equity Incentive Plan (the "**Equity Plan**") on October 6, 2022 under which incentive stock options ("**Options**"), restricted share units ("**RSUs**"), deferred share units ("**DSUs**"), performance share units ("**PSUs**") and stock appreciation rights ("**SARs**", which together may be referred to as "**Awards**") are granted to directors, officers, employees and consultants as an incentive to serve the Company in attaining its goal of improved shareholder value. The Board determines which NEOs (and other persons) are entitled to participate in the Equity Plan; determines the number of Awards granted to such individuals; and determines the date on which each Award is granted and the corresponding terms of such Award. The Board makes these determinations subject to the provisions of the Equity Plan and, where applicable, the policies of the Exchange.

Previous grants of Awards are taken into account when considering new grants.

Link to Overall Compensation Objectives

Each element of the executive compensation program has been designed to meet one or more objectives of the overall program. The granting of Awards has been designed to provide total compensation which the Board believes is competitive with that paid by other companies of comparable size engaged in similar business in appropriate regions.

CORPORATE GOVERNANCE

Board of Directors

At the Meeting, shareholders will be asked to approve an ordinary resolution setting the number of directors of the Board at four (4) directors, three (3) of whom will be independent. The definition of independence used by the Company is that used by the Canadian Securities Administrators, which is set out in section 1.4 of National Instrument 52-110 *Audit Committees* (“**NI 52-110**”). A director is independent if he has no direct or indirect material relationship to the Company. A “material relationship” is a relationship which could, in the view of the Board of Directors, be reasonably expected to interfere with the exercise of the director’s independent judgment. Certain types of relationships are by their very nature considered to be material relationships and are specified in section 1.4 of NI 52-110.

Gaston J. Reymenants, Martin Burian and Thibaut Lepouttre will be considered to be independent directors. Guido Cloetens is not considered to be independent of his beneficial ownership of more than 10% of the Common Shares issued and outstanding and as he is management of the Company.

The Board believes that the principal objective of the Company is to generate economic returns with the goal of maximizing shareholder value, and that this is to be accomplished by the Board through its stewardship of the Company. In fulfilling its stewardship function, the Board’s responsibilities will include strategic planning, appointing and overseeing management, succession planning, risk identification and management, environmental oversight, communications with other parties and overseeing financial and corporate issues. Directors are involved in the supervision of management.

Pursuant to the *Business Corporations Act* (Alberta), directors must declare any interest in a material contract or transaction or a proposed material contract or transaction. Further, the independent members of the Board of Directors meet independently of management members

when warranted. During the most recently completed financial year, the Board of Directors met four (4) times and all members of the Board were in attendance at each meeting. The independent directors met once (1) without the non-independent members of the Board in attendance.

Other Directorships

The proposed directors of the Company are also directors of the following other reporting issuers:

Current Director / Nominee	Other Directorships of other Reporting Issuers
Guido Cloetens	Edgemont Gold Corp. Nanalysis Scientific Corp.
Martin Burian	Assure Holdings Corp. Nanalysis Scientific Corp. Argentina Lithium & Energy Corp.
Gaston J. Reymenants	Global Energy Metals Corporation

Orientation and Continuing Education

The Company has not yet developed an official orientation or training program for directors. However, if and when new directors are added, they have the opportunity to become familiar with the Company by meeting with other directors and with officers and employees of the Company. As each director has a different skill set and professional background, orientation and training activities are and will continue to be tailored to the particular needs and experience of each director. The Company's financial and legal advisers are also available to the Company's directors.

Nomination of Directors

The Company does not have a formal process or committee for proposing new nominees for election to the Board of Directors. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members.

Compensation

The Board has not established a Compensation Committee. The Board as a whole is responsible for reviewing the adequacy and form of compensation paid to the Company's executives and key employees and ensuring that such compensation realistically reflects the responsibilities and risks of such positions. In fulfilling its responsibilities, the Board evaluates the performance of the Chief Executive Officer and other senior management in light of corporate goals and objectives and makes recommendations with respect to compensation levels based on such evaluations.

Other Board Committees

The Board has not established any committees other than the Audit Committee.

Assessments

There is no formal committee with the responsibility for assessing the effectiveness of the Board of Directors as a whole. The Board as a group regularly reviews its performance and assesses the effectiveness of the Board as a whole.
